THE NEW COLOURS OF CORIAN® SOLID SURFACE

INTRODUCING FIFTEEN NEW CORIAN® SOLID SURFACE AESTHETICS RANGING FROM THE CHIC SIMPLICITY OF SOLID COLOURS TO THE MULTI-FACETED ASPECTS OF TRANSLUCENCE.

With an eye to contemporary design, as well as traditional applications, Aggregate, Terrazzo and Linear are new options with looks that transcend their inspirations. Aggregate collaborates with Corian® Concrete, adding visual depth and movement, strewn with aggregate particles, Terrazzo celebrates a mid-century ambience, and Linear creates a clear vision with undeviating striations.

The natural world is the source for limitless inspiration and the new designs of Nuwood and Onyx celebrate nature's true beauty. Nuwood offers ways to reinterpret the look of wood with the numerous possibilities of Corian® Solid Surface. The new Onyx designs colourfully expand the flowing aesthetic and maintain the duality of the translucent material, beautiful when illuminated from above or below.

Solid colours provide an energetic statement to the designed space, and with their natural inspirations the newly created hues of Verdant and Laguna indeed offer directional colour options whether used alone or paired with other aesthetics.
